of the United States Circuit Court at San Francisco. A mining company discovered this yesterday, when Judge Sawyer fined it \$3000.

THE sale of "Rough on Rats" should be stopped by law. More people are poisoned by its agency than by any other and it should be interdicted by law the same as any other poison.

Though the Republicans have a clear majority in South Carolina with a fair election and honest count, yet there hasn't been a Republican ticket in that State for ten years.

No opportunity is lost to advertise

A Union Labor party ticket has been nominated in Ohio. The platform declares "every human being should have land, air, water and sunshine sufficient to promote his happiness and no more." That is very true, but he should earn all "by the sweat of his brow" and not poach on his more thrifty neighbor.

Chuis, Beckley, the blind boss of San Francisco, seems to be so happy in the companionship of his new young wife, that he is letting politics go to the dogs. He has retired to his ranch, and is taking apparently no interest in politics, leaving all that to his old understrappers. In the meantine quite a revolt has occurred against Buckley's bossism, and Duprey and others are working for a Democracy without a loss.

The following letter, "received by Governor Wolfley yesterday, will set at rest, we suppose, the silly story that Governor Wolfley instigated the cearges against Captain Miltimore and others:

Markham would have a solid delegation from Southern California for the Giovernorship. This will break Waterman's heart.

The Refullican propounds a few questions of interest to ex-Governor Zulick and his cabinet. The people would be pleased to hear from them on this proposition.

In the mean time the income for the year 1889, being the taxes of 1888, had all been received and were gone.

Will Auditor Hawkins or Treasurer Foster or some other good Democrate explain this situation? Will you explain to the public, Mr. Hawkins, how it is that you say the delinquent taxes of 1888 will wipe out all the warrants to December 31, 1888, and yet within less than four months the entire revenue for the year 1889 is gone and the warrants have increased from \$36,000 to over \$70, 600?

THE FUNDING BILL.

THE REPUBLICAN is reliably informed that the opposition of the Gazette to the Governor's funding bill is due to blasted hopes and thwarted ambitions. It appears that one of the editors of the Gazette, Col. Johnson, had set his heart on securing the Secretaryship of the Loan Commission, with its salary of \$100 a month. It was hoped in this way to secure to the Valley Bank the business of funding the indebtedness of the Territory, a nice little business plum. The appointment of Mr. Hamerinafter provided.

"PAR. 2048. (Sec. 10.) Whenever, after the expiration of the fifty years from the date of issuance of any bonds under this act, there remains after the payment of the interest as provided in the preceding section, a surplus of ten thousand dollars or more, it shall be the duty of the Territorial Treasurer to advertise, as in the manner of advertising by the loan commissioners for bids for sale of bonds, which advertisement shall state the amount of money in the said redemption fund, and the number of bonds, numbering them in the order of their issuance, commencing at the lowest number the noutstanding, which such fund is set apart to pay and discharge, and if such bonds so numbered in such advertisements shall not be presented for payment and cancellation at the expiration of such publication, then such fund shall remain in the treasury to discharge such bonds whenever presented, but they shall draw no interest after the expiration of such publication. Before any such bonds shall be paid they shall be presented to the Territorial Auditor, who shall endorse on each bond the amount due thereon, and shall write across the face of each bond the

date of its surrender and and the name of the person surrendering. The Territorial Auditorshalt keep a record of all bonds issued and disposed of by the Territorial Treasurer, showing their number, rate of interest, date and amount of sale, when, where and to whom payable, and if exchanged, for what and when presented for redemption, the date, amount due thereon and person surrendering.

That nothing in this act shall be construed to authorize any future increase of any indebtedness in excess of the limit prescribed by the "Harrison act." Provided, however. That the present existing and outstanding indebtedness, together with such warrants as may be issued for the necessary and current expenses of carrying on Territorial, caunty, municipal, and school government for the year ending December 31, 1820, may also be funded and bonds issued for the redemption thereof; and thereafter no warrants, certificates, or other evidences of indebtedness shall be allowed to issue or be legal where the same is in excess of the limit prescribed by the "Harrison act."

That all acts or parts of acts in conflict with this act are hereby repealed.
